

(OMO)

ONLINE MARKET ORDER (OMO)

User Manual

This manual is a guide book for the users who want to use Online Market Order system for share trading. Through this web application software, users can submit their desired buy or sell order in real time basis. The submitted orders will be executed in real time and from order submission to execution of the orders, users can monitor all the process in real time. Users can also observe and evaluate their portfolio through this software. They can view different reports and print them in CDBL format.

▶ ONLINE MARKET ORDER (OMO)

Benefits of OMO

- ▶ Traders can enjoy trading facility without any hassle of going to a broker house or hear a busy tone in the broker's telephone.
- ▶ Traders can have real time market data in the OMO system
- ▶ Traders can view every steps of processing of their submitted order in real time though OMO system
- ▶ Traders get notification in every steps of processing of their submitted order and also have e-mail of this notifications and statements.
- ▶ All the shares traded through OMO will be stored in the users' account and they can observe whenever they want.
- ▶ Traders will have portfolio facility in OMO system and they can print any statements in CDBL format just like they gets from the broker house.

Subscriber Login

Subscribers have to use go <http://www.fisbd.com> in their internet browser to log in to OMO order system. The page will be like following

Here users have to submit their assigned User Name and password to enter the Online Order page.

Note:

- A. User name: Enter your user name assigned by MFIS admin
- B. Password: Enter your password
- C. Login: select login or press enter

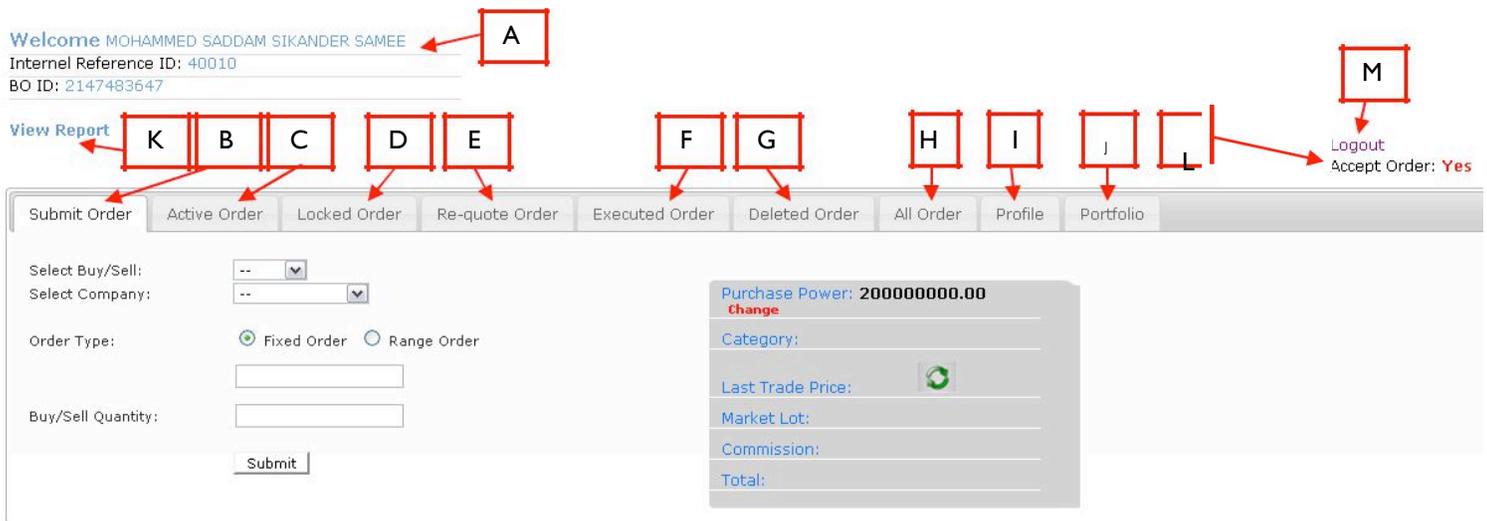

OMO User Panel

After login users will first view the following page. First the users will be welcomed with his/her Name, Internal Reference ID and BO ID.

Then s/he will see the main OMO page which contains some tabs in it. These tabs contain different pages named Submit Order, Active Order, Locked Order, Re-quote Order, Executed Order Deleted Order, All Order, Profile and Portfolio.

Users can also view reports in View button. There is a traffic signal button called Accept Order, which indicates the traffic of orders that refers the accept order status.

There is a logout button for users to logout form the OMO order system.

Note:

- A. Short Profile of the user.
- B. Submit Order Tab
- C. Active Order Tab
- D. Locked Order Tab
- E. Re-quote Order Tab
- F. Executed Order Tab
- G. Deleted Order Tab
- H. All Order Tab
- I. Profile Tab
- J. Portfolio Tab
- K. View Report Button
- L. Accept Order Status
- M. Logout Button

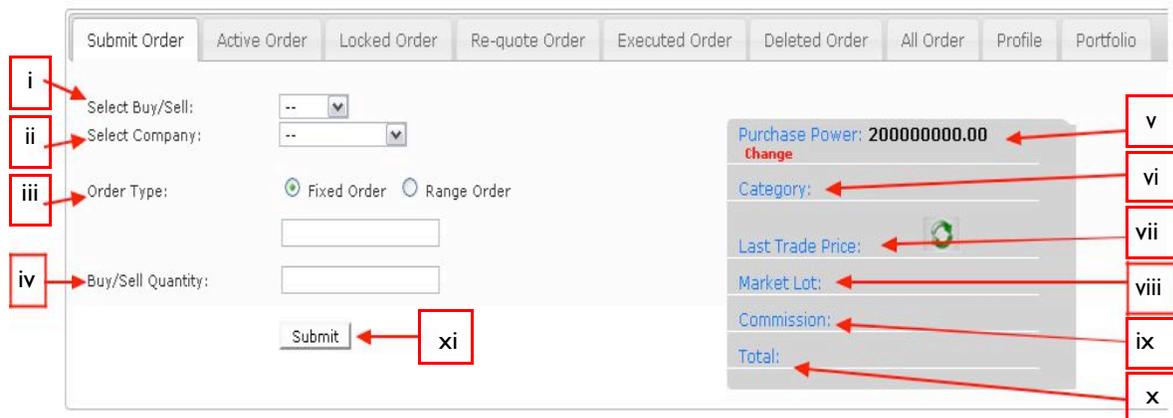

A. Short Profile of the User

In the top of the tab boxes there is a short profile of the user. Here it shows the name, internal Reference ID and BO ID of the user.

B. Submit Order Tab

From submit order tab users can submit their buy or sell order for share trade. These submit order tab is divided into two parts. The left side of the tab is for order submission process and the right side shows the share price information. In left side there is some fields named select Buy/Sell, Select Company, Order Type and Buy/Sell Quantity. The right side shows the share calculator, which shows different information on selected share. These are named purchasing power, category of the share, Last Trade Price, Market Lot, Commission and Total amount. Lastly after filling all the information users have to select the submit button to submit his/her order.

How to submit order?

To submit an order users have to first select the where s/he wants to buy or sell shares. To do that s/he has to first select Buy/Sell [i]. After that s/he has to select desired company from the select company field [ii]. Pleased noted that for sell decision the Select Company will show only the salable shares.

Buy Order Submission

By selecting company users can view the category [vi], last trade price [vii] and market lot [viii] of that company in the right side of the page.

The screenshot shows the 'Submit Order' form with the following details:

- Navigation tabs: Submit Order, Active Order, Locked Order, Re-quote Order, Executed Order, Deleted Order, All Order, Profile, Portfolio
- Select Buy/Sell: Buy (dropdown)
- Select Company: ABBANK (dropdown)
- Order Type: Fixed Order (selected), Range Order
- Price: 843 (input field)
- Buy/Sell Quantity: 15 (input field)
- Submit button
- Summary box on the right:
 - Purchase Power: 199987291.78 (Change)
 - Category: A
 - Last Trade Price: 843 (with refresh icon)
 - Market Lot: 5
 - Commission: 63.23
 - Total: 12708.23

For example if anyone selects to buy AB Bank, s/he will see the above window. After selecting AB Bank in the share calculator, it shows its category which is A, its last trade price TK. 843 which is updated in real time and the market lot for AB Bank which is 5.

Then from Order Type field [iii] users can select Fixed Market price of that share or they can select range order. For range order users have to manually input their desired range.

The screenshot shows the 'Submit Order' form with the following details:

- Navigation tabs: Submit Order, Active Order, Locked Order, Re-quote Order, Executed Order, Deleted Order, All Order, Profile, Portfolio
- Select Buy/Sell: Buy (dropdown)
- Select Company: ABBANK (dropdown)
- Order Type: Range Order (selected), Fixed Order
- Start: 843 (input field), End: 845 (input field)
- Buy/Sell Quantity: 15 (input field)
- Submit button
- Summary box on the right:
 - Purchase Power: 199987261.625 (Change)
 - Category: A
 - Last Trade Price: 843 (with refresh icon)
 - Market Lot: 5
 - Commission: 63.225-63.375
 - Total: 12708.225-12738.375

Here from the above picture we can see the range is input as start 843 and end 845. Here all the price calculations like commission [ix] and total amount [x] will be done automatically. Then users have to input the quantity, how many shares s/he wants to buy in the Buy/Sell Quantity field [iv].

The buy quantity should be multiplied with the market lot [viii]. For example if the market lot is 5, then the quantity should be 5/10/15/20 etc. any input of odd lot will pop up a window saying “we don’t accept Odd Lot”

Then to submit the order users have to select the submit button [xi]. After selecting submit button the following confirmation window will be popup. Here you have to select OK to confirm the order submission. Or cancel it if you want to cancel.

After selecting Ok there will be another popup window showing that “*your order has been placed successfully*”. That means the order has been received in administrative server and

Sell Order Submission

When user select sell order [i], the select company field [ii] shows only the salable shares of the user's portfolio. For example if user selects ACI, the share calculator presents the category, last trade price, market lot, Quantity of shares in user's portfolio, user's saleable shares, commission and total amount.

Submit Order	Active Order	Locked Order	Re-quote Order	Executed Order	Deleted Order	All Order	Profile	Portfolio
--------------	--------------	--------------	----------------	----------------	---------------	-----------	---------	-----------

Select Buy/Sell:

Select Company:

Order Type: Range Order

Start: End:

Buy/Sell Quantity:

Category: A

Last Trade Price: 450.8

Market Lot: 50

Quantity: 705

Saleable: 600

Commission: 225.40

Total: 44854.60

From the above picture you can see for ACI the last trade price is TK. 450.8, here the Market Lot is 50. The quantity 705 shows the user has 705 ACI shares in his/her portfolio and saleable 600 indicate out of 705 shares the user has 600 matured shares.

When the user selects the order type and input the sell price [iii] and sell quantity [iv], the commission and total amount will be automatically calculated.

Please note that if anyone input sell quantity more than the saleable shares the system will not accept the order and a popup window will open saying "you have not enough matured share".

Then to submit the order users have to select the submit button [xi]. After selecting submit button the following confirmation window will be popup. Here you have to select OK to confirm the order submission. Or cancel it if you want to cancel.

After selecting Ok there will be another popup window showing that "your order has been placed successfully". That means the order has been received in administrative server and

C. Active Order Tab

When user submits any buy or sell order to the administrator, his/her order will transfer to the active order tab. There will be notification in the Active Order tab.

When user select active order the notification will be disappeared and the following window will appear.

Order ID	BO Code	Type	Symbol ID	No of Share	Start Range	End Range	Order Time	Status	Change
80	40001	buy	ABBANK	123	23	23	12-08-2009 05:04: AM	Pending	Delete
78	40001	sell	IFIC	10	11	11	11-08-2009 15:38: PM	Pending	Delete
122	40001	buy	ABBANK	100	742.25	742.25	19-08-2009 13:24: PM	Pending	Delete
124	40001	buy	AIMS1STMF	1500	13.74	13.74	19-08-2009 17:27: PM	Pending	Delete
228	40001	buy	ABBANK	15	952	952	11-09-2009 11:07: AM	Pending	Delete

Here users can observe all the order details which are in pending status waiting for processing. The most recent order will be shown in the bottom of the list. When the administration starts to process the order the order will be locked and it goes to locked order tab.

If user wants to cancel his/her order s/he can delete the order from the right side of the status bar.

D. Locked Order Tab

When admin locked the user's order for processing there will be a notification in Locked Order Tab.

Users can observe his/ her order locked for processing to be executed. The most recent order will be shown in the bottom of the list.

Order ID	BO Code	Type	Symbol ID	No of Share	Start Range	End Range	Final Rate	Order Time	Status
209	40001	sell	ACI	50	150	150	150	05-09-2009 11:14: AM	locked
228	40001	buy	ABBANK	15	952	952	952	11-09-2009 11:07: AM	locked

E. Re-quote Order Tab

If admin doesn't have the match between the order price & quantity with the available market price and quantity, he will ask user to re-quote new price. The following window will pop up in the user panel to re-quote.

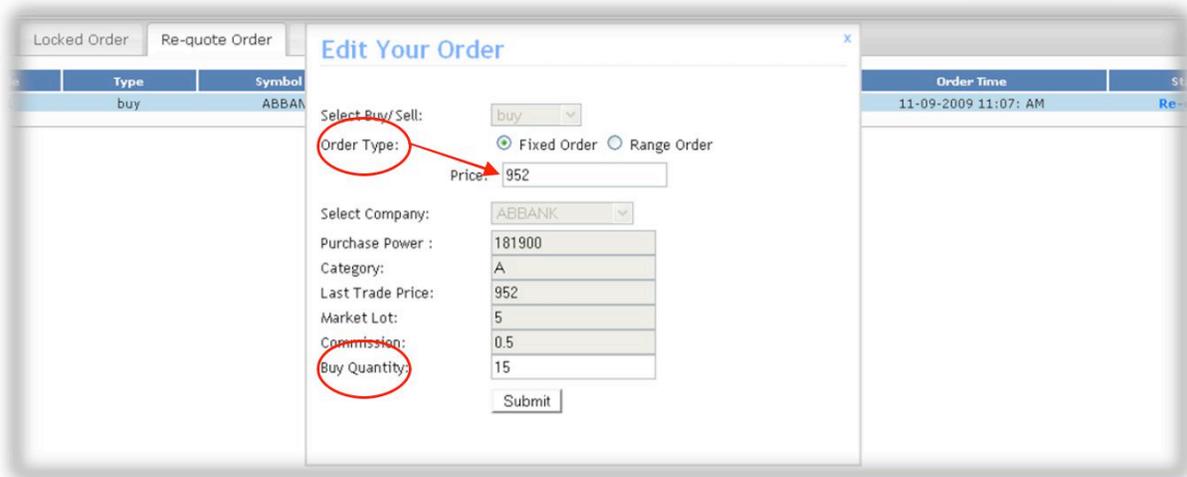

There will be also a notification in the Re-quote Order tab.

After selecting the Re-quote Order tab, user will view the following window. Here user can change his/her order by selecting the Edit button.

Order ID	BO Code	Type	Symbol ID	No of Share	Start Range	End Range	Order Time	Status	Change
228	40001	buy	ABBANK	15	952	952	11-09-2009 11:07: AM	Re-quote	Edit

After selecting the Edit button, there will be a new popup window for re-quote. In this window user has to input new price and quantity for re-quote and submit the order.

After selecting submit button the following confirmation window will be popup. Here you have to select OK to confirm the order submission. Or cancel it if you want to cancel. Then another window will popup saying the "order updated successfully"

This re-quote order will again transfer to the Active Order Tab for processing with the pending status.

F. Executed Order Tab

When the order is executed there will be a notification in the Executed Order Tab.

After selecting the Executed Order Tab, user will view the following window. Here user can see the final executed status of their order submission.

Order ID	BO Code	Type	Symbol ID	No of Share	Start Range	End Range	Final Rate	Order Time	Status
123	40001	buy	ACI	100	300	300	300	19-08-2009 13:58: PM	Executed
208	40001	buy	ULC	5	100	105	100	05-09-2009 06:36: AM	Executed
207	40001	buy	AIMS1STMF	100	17.42	17.42	17.42	05-09-2009 06:06: AM	Executed
228	40001	buy	ABBANK	15	952	952	952	11-09-2009 11:07: AM	executed

G. Deleted Order Tab

If user deletes any order from Active Order Tab the following window will popup. Also there will be a notification on the Deleted Order Tab

After selecting the Deleted Order Tab, user will view the following window. Here user can see the list of deleted orders.

Order ID	BO Code	Type	Symbol ID	No of Share	Start Range	End Range	Order Time	Status
82	40001	buy	ABBANK	50	150	450	12-08-2009 05:08: AM	delete
79	40001	buy	ABBANK	100	23	23	12-08-2009 04:35: AM	delete
72	40001	Sell	ABBANK	28	550	550	11-08-2009 14:05: PM	delete
121	40001	buy	7THICB	10	400	400	17-08-2009 13:53: PM	delete
201	40001	buy	7THICB	100	916.5	916.5	31-08-2009 15:40: PM	delete
204	40001	buy	1STPRIMFMF	1000	41.9	41.9	04-09-2009 11:00: AM	delete
216	40001	buy	ABBANK	100	952	952	08-09-2009 14:53: PM	delete
215	40001	buy	ACI	100	450.8	450.8	08-09-2009 11:34: AM	delete
214	40001	buy	5THICB	5	1309.5	1309.5	07-09-2009 14:39: PM	delete
206	40001	buy	ACI	5	450.8	450.8	05-09-2009 06:52: AM	delete

H. All Order Tab

The All Order Tab shows all the orders submitted by the users. The most recent order will be shown in the bottom of the list.

Order ID	Type	Symbol	No of Share	Start Range	End Range	Order Time	Status
82	buy	ABBANK	50	150	450	12-08-2009 05:08: AM	delete
81	buy	ABBANK	100	23	23	12-08-2009 05:06: AM	pending

L. Accept Order Status

Accept order panel shows the traffic panel of the order acceptance status. When it shows YES status, that means admin is ready to accept order from the user. When it shows NO status, that means admin is overloaded and can't accept new orders.

The screenshot shows a user interface for placing orders. At the top, there is a navigation bar with buttons: Submit Order, Active Order, Locked Order, Re-quote Order, Executed Order, Deleted Order, All Order, Profile, and Portfolio. Below this is a form for selecting buy/sell, company (ABBANK), order type (Fixed Order selected), and quantity (15). A summary box displays: Purchase Power: 169184.24, Category: A, Last Trade Price: 843.5, Market Lot: 5, Commission: 63.26, Total: 12715.76. A callout box points to a status indicator that says 'Logout Accept Order: Yes'.

M. Logout Button

After finishing the trade user must logout from the user panel. The reason behind this, the user panel contains very sensitive information and interference from outside may hamper the user. It is strictly recommended to logout after the use this online market order.
